

About PEGI? What do the labels mean?

The PEGI labels appear on front and back of the packaging indicating one of the following age levels: 3, 7, 12, 16 and 18. They provide a reliable indication of the suitability of the game content in terms of protection of minors. The age rating does not take into account the difficulty level or skills required to play a game.

PEGI 3 The content of games given this rating is considered suitable for all age groups. Some violence in a comical context (typically Bugs Bunny or Tom & Jerry cartoon-like forms of violence) is acceptable. The child should not be able to associate the character on the screen with real life characters, they should be totally fantasy. The game should not contain any sounds or pictures that are likely to scare or frighten young children. No bad language should be heard.

PEGI 7 Any game that would normally be rated at 3 but contains **some possibly frightening scenes** or sounds may be considered suitable in this category.

PEGI 12 Videogames that show **violence of a slightly more graphic nature towards fantasy character and/or non graphic violence towards human-looking characters or recognisable animals, as well as videogames that show nudity of a slightly more graphic nature** would fall in this age category. Any bad language in this category must be mild and fall short of sexual expletives.

PEGI 16 This rating is applied once the depiction of **violence (or sexual activity) reaches a stage that looks the same as would be expected in real life**. More extreme bad language, the concept of the use of tobacco and drugs and the depiction of criminal activities can be content of games that are rated 16.

PEGI 18 The adult classification is applied when the level of violence reaches a stage where it becomes a depiction of gross violence and/or includes elements of specific types of violence. Descriptors shown on the back of the packaging indicate the main reasons why a game has received a particular age rating. There are eight such descriptors: **violence, bad language, fear, drugs, sexual, discrimination, gambling and online gameplay with other people**.

	Bad Language Game contains bad language		Gambling Games that encourage or teach gambling
	Discrimination Game contains depictions of, or material which may encourage, discrimination		Sex Game depicts nudity and/or sexual behaviour or sexual references
