1. Policy Statement

LDST is committed to providing calm, safe and purposeful learning environments where pupils can thrive academically, socially and emotionally.

In line with Department for Education statutory guidance, all LDST schools will operate as **mobile-phone-free environments throughout the school day**. Pupils must not use personal mobile phones or smart devices during lessons, transitions, breaktimes or lunchtimes unless a specific exemption has been approved by the school.

This policy supports LDST's commitment to:

- High standards of behaviour
- Effective safeguarding
- Positive wellbeing and mental health
- Online safety
- Data protection and privacy
- Consistent expectations across all schools

2. Aims

This policy aims to:

- Minimise distractions to learning
- Promote positive social interaction
- Reduce safeguarding risks associated with personal devices
- Prevent unauthorised photography, filming or recording
- Support pupils' wellbeing and mental health
- Create consistency across our Trust

3. Scope

This policy applies to:

- Pupils
- Staff
- Parents and carers
- Agency workers
- Volunteers
- Governors
- Trustees
- Contractors
- Visitors

The policy covers:

- Mobile phones
- Smartphones
- Smart watches
- Tablets with communication capability
- Wearable technology
- Any device capable of messaging, calling, recording, photographing, filming or accessing the internet.

4. Principles

LDST expects all members of the school community to use technology safely, responsibly and respectfully.

The safety, wellbeing and privacy of pupils will always take priority over the personal use of mobile technology.

5. Expectations for Pupils

5.1 General Expectations

Pupils must not use personal mobile phones or smart devices during the school day.

Schools will maintain a mobile-phone-free environment and pupils must comply with local arrangements for storage and security.

5.2 Pupils Requiring a Mobile Phone for Travel to and from School

LDST recognises that some pupils, particularly older primary pupils, may walk to and from school independently and parents may wish them to carry a mobile phone for safety reasons.

Where this applies:

- Parents must notify the school in writing
- Permission may be granted by the Headteacher or delegated member of staff
- The device must be switched off before the pupil enters the school site
- The device must not be used on school premises unless authorised by a member of staff
- The device must be handed in or stored in accordance with the school's storage arrangements immediately upon arrival
- The device will be returned to the pupil at the end of the school day

Permission may be withdrawn where a pupil repeatedly breaches this policy.

5.3 Storage of Authorised Devices

Any pupil authorised to bring a device onto school premises must place it in the school's designated secure storage system immediately upon arrival.

Schools may operate:

- Secure school office storage

- A collection system managed by staff
- Locked storage facilities
- Another secure arrangement approved by the Headteacher

Authorised devices must not remain:

- In pupils' pockets
- In trays accessible during the day
- In desks
- In school bags retained by pupils throughout the school day

LDST recommends that devices are held securely by the school for the duration of the school day.

Liability

LDST will take reasonable steps to store authorised devices securely. However, personal devices remain the responsibility of the owner. LDST cannot accept responsibility for loss, theft or damage unless negligence has occurred.

5.4 Prohibited Activities

Pupils must not:

- Make or receive calls
- Send or receive messages
- Access social media
- Browse the internet
- Take photographs
- Record audio or video
- Use communication functions on smart watches
- Share digital content using personal devices

6. Exemptions and Reasonable Adjustments

LDST recognises that some pupils may require access to technology for medical, SEND or safeguarding reasons.

All exemptions must be approved by the Headteacher and appropriately documented.

6.1 Medical Needs

Some pupils may require a mobile phone or smart device to manage a diagnosed medical condition.

Examples may include:

- Continuous glucose monitoring systems
- Diabetes management applications
- Medical alert technology

- Epilepsy monitoring devices
- Other clinically prescribed technology

Where a medical exemption is approved:

- The device may be used only for the agreed medical purpose
- Arrangements will be documented within the pupil's Individual Healthcare Plan
- Access to non-medical functions remains prohibited
- Social media, photography, messaging and other personal use remain subject to this policy

The school may request supporting evidence from an appropriate healthcare professional.

6.2 SEND Requirements

An exemption may be granted where the use of technology forms part of:

- An EHCP
- A SEND Support Plan
- An agreed reasonable adjustment under the Equality Act 2010

Any approved usage must be proportionate to the identified need.

6.3 Safeguarding and Welfare Needs

The Headteacher may approve an exemption where there is a clearly identified safeguarding or welfare need.

Examples may include:

- Young carers
- Pupils subject to safeguarding arrangements
- Exceptional family circumstances

These arrangements will be reviewed regularly.

7. Consequences for Misuse

LDST expects all pupils to comply with this policy.

Responses to breaches will be proportionate and may be adapted according to age, circumstances and seriousness.

7.1 Minor Breaches

Examples include:

- Device visible during the school day
- Failure to switch off a device
- Failure to follow storage arrangements

Possible consequences include:

- Reminder of expectations

- Temporary confiscation
- Recording on behaviour systems
- Contact with parents or carers

7.2 Repeated Breaches

Repeated breaches may result in:

- Parent meetings
- Behaviour sanctions in line with the Behaviour Policy
- Withdrawal of permission to bring a device onto school premises
- Individual behaviour support measures

7.3 Serious Misuse

Serious misuse includes:

- Taking photographs without permission
- Recording staff or pupils
- Sharing images or recordings
- Accessing social media during the school day
- Cyberbullying
- Harassment
- Sharing inappropriate content
- Activity giving rise to safeguarding concerns

Consequences may include:

- Confiscation of the device
- Requirement for a parent or carer to collect the device
- Formal behaviour sanctions
- Safeguarding referrals
- Police involvement where appropriate

7.4 Refusal to Hand Over a Device

Refusal to hand over a device when instructed by a member of staff may be treated as a separate breach of the school's Behaviour Policy and may result in additional sanctions.

8. Searching, Screening and Confiscation

Staff may confiscate devices where they reasonably believe there has been a breach of this policy.

Any searching or confiscation will be carried out in accordance with:

- Relevant legislation

- DfE guidance
- School safeguarding procedures

9. Communication During the School Day

Parents who need to contact their child during the school day should do so via the school office.

Pupils who need to contact home should do so through school staff using approved school systems.

Personal devices must not be used for routine communication during the school day.

10. Staff Use of Mobile Phones and Smart Devices

10.1 Expectations

Staff are expected to model safe and professional behaviour.

Personal mobile devices:

- Must be on silent mode whilst on duty
- Must not be used whilst supervising pupils
- Must be kept out of sight during teaching and duty periods
- May only be used during breaks in staff-only areas unless authorised

10.2 Photography and Recording

Staff must not:

- Photograph pupils on personal devices
- Record pupils using personal devices

Only approved Trust equipment may be used for school purposes unless otherwise agreed.

10.3 Contact with Pupils

Staff must not:

- Share personal mobile numbers with pupils
- Use personal messaging applications to communicate with pupils
- Connect with pupils through personal social media accounts

11. Governors and Trustees

Governors and Trustees must:

- Comply with this policy during visits and meetings
- Maintain confidentiality
- Not record meetings without permission
- Not photograph or record pupils without authorisation
- Follow all safeguarding and data protection procedures

12. Volunteers

Volunteers must:

- Follow school safeguarding procedures
- Keep personal devices on silent
- Avoid personal use of phones whilst working with pupils
- Not photograph, film or record pupils
- Report concerns regarding device misuse

13. Contractors

Contractors must:

- Follow site safeguarding procedures
- Use mobile devices only where operationally necessary
- Not photograph, film or record pupils
- Respect confidentiality and privacy requirements
- Follow instructions from school leaders regarding device use

14. Visitors

Visitors must:

- Follow school visitor procedures
- Keep mobile devices on silent
- Refrain from photographing or recording pupils or staff without permission
- Support the school's safeguarding expectations

The school reserves the right to ask visitors not to use mobile devices whilst [on site](#).

15. Parents and Carers

15.1 General Expectations

Parents and carers are expected to use mobile technology responsibly whilst on school premises.

They should:

- Respect the privacy of pupils, staff and families
- Follow safeguarding procedures
- Avoid recording staff without consent

15.2 Photography and Recording at School Events

LDST recognises that parents and carers may wish to capture memories of school performances, concerts, sports days, assemblies and celebrations.

Parents and carers may take photographs or videos of their own child during such events unless otherwise advised by the school.

These images and recordings must be for personal use only¹.

Parents and carers are requested to:

- Respect the privacy of other families
- Avoid photographing children other than their own wherever possible
- Not publish images or videos containing other children on social media platforms or publicly accessible forums without the appropriate consent
- Not share recordings where other children are clearly identifiable
- Comply with any event-specific instructions issued by the school

LDST reserves the right to restrict or prohibit photography or recording at any event where safeguarding, privacy, court orders, data protection requirements or parental preferences make this necessary.

15.3 Social Media

Parents and carers are expected to use social media responsibly.

Content relating to school activities should not:

- Compromise safeguarding
- Identify vulnerable pupils
- Breach privacy
- Harass, intimidate or defame members of the school community

LDST may request removal of content where concerns arise.

16. Educational Visits

The Visit Leader will determine whether mobile phones are appropriate during educational visits.

Any arrangements must:

- Be risk assessed
- Support safeguarding
- Be communicated to parents in advance

School-issued devices should be used by staff wherever possible.

¹ Information Commissioners Office: *If you post photos or videos taken at a school event to your private social media account, only viewable by friends or family, this is likely to fall within the definition of personal use. This means data protection law does not apply. However, if you post photos or videos to a public account, viewable by an indefinite number of people, this is likely to go beyond personal use. In this instance, you will need to be aware of your obligations under data protection law.*

17. Monitoring and Review

Headteachers are responsible for implementation and monitoring within their schools.

LDST will review the policy annually to ensure compliance with legislation, safeguarding requirements and Department for Education guidance.

18. Equity and Reasonable Adjustments

LDST will implement this policy fairly and consistently.

Reasonable adjustments will be considered in accordance with:

- The Equality Act 2010
- SEND legislation
- Medical requirements
- Safeguarding needs

No pupil will be disadvantaged where a legitimate need for access to technology has been identified and appropriately authorised.

Appendix A - Mobile Phone and Smart Device Incident Report Form

Recording Thresholds

- **Low-Level Incident:** Device visible, forgotten hand-in, phone rings.
- **Moderate Incident:** Messaging, internet use, social media access, repeated breaches.
- **Serious Incident:** Photography, filming, sharing content, cyberbullying, refusal to hand over device, safeguarding concerns.
- **Critical Incident:** Inappropriate images, online harassment, criminal activity, significant safeguarding concerns.

Schools should record all moderate, serious and critical incidents on CPOMS and retain records in accordance with LDST's Data Retention Schedule.
